

BONZO™

The **BONZO™** line of disposable shoe covers is a cost-effective solution for general protection against liquids and dirt. They are made with a CPE (Chlorinated Polyethylene) film that has a textured surface for added anti-skid properties. The **BONZO™** line consists of 4 products to cater for most needs.

BONZO ECONO™ is a lightweight and economical option for basic protection. These shoe covers are excellent for short-term use and they fit most shoe sizes.

BONZO ECONO™

BONZO WHITE™

BONZO BLUE™

The **BONZO WHITE™** and **BONZO BLUE™** shoe covers are made with a heavier CPE film for better waterproofing and resistance. They fit most shoe sizes and can be used on a variety of floors.

The **BONZO HD™** shoe covers are made with a high density film for superior strength and resistance. They provide a high protection from fluids and they are made for large work or snow boots.

BONZO HD™

Packaging: These shoe covers are packaged in bags.
