

# IRIS™

The **IRIS™** disposable shoe covers are ideal for pharmaceutical manufacturing, research facilities, GMP sites, labs, cleanrooms or other clean environments requiring a foot barrier.

They are made of a proprietary fabric that offers an excellent balance between strength, anti-skid, fluid resistance and wear resistance at a reasonable cost.

*IRIS™*  
Size: Universal

*IRIS™*  
Size: X-Large

**Benefits:** The **IRIS™** shoe covers are designed for typical daily usage. They provide a good fit and grip. With seamless soles and sides, they are low linting and conform to cleanrooms up to level ISO 5.

**Versatility:** They come in two sizes. The *Universal* to fit most shoes and the *Extra-Large*, made for bigger shoes or work boots.

**Packaging:** These shoe covers are available in convenient bags or dispensing boxes to accommodate different user needs.

The **IRIS™** shoe covers are not made with natural rubber latex and they are silicone free.

*Dispensing Box*
